Joint two-star show in Wales

Show in Wales

Mr D Caddick wishes to state that
when he referred at the recent
BrC National Council meeting to the
rank and file of the Welsh Fancy being
for one-star shows he did not wish to
imply that there was no interest in
other grades of show in Wales. Indeed
he is very pleased to announce that the
Godreaman and Pontypridd clubs are
combining their resources to run a
joint two-star show. It is an all-out
effort to keep the Fancy to the fore
and to do something to combat the
closure of some railways. There will be
37 classes and half crown specials in
each breed class, plus cups, rosettes,
juvenile specials and many other
attractions.

Mr Caddick's own local club at
Blaenavon has decided to run some midweek shows for juvenile members at
which the classes will be judged by a
competent young fancier. Requests for
this have come from juveniles themselves, but adult members of the club
are backing them all the way.

CLOSING DATES

CLOSING DATES

Closing date for the receiving of Midland Area Netherland Dwarf Club nominations will be Oct 31, not as stated in last week's issue.

Nominations for the Northern Counties Tan Club should be sent to the secretary by Nov 20, not as stated.

HUDDERSFIELD'S MEETING

A meeting will be held at the Lockwood Mechanics Institute, Meltham Road, Huddersfield on Nov 1 at 7 30 pm to decide whether to re-form the Huddersfield Fanciers' Society. Any rabbit or cavy fancier is invited to attend. Mr K Blagborough, 84 Birchington Avenue, Birchencliffe, Huddersfield is organising the meeting.

APPRECIATION

Sandbach Original FS thanks all fanciers who gave support at its show on Oct 16. The society's two-star ASS will be held on Nov 13.

STOCKTON'S MEETING

A meeting to decide the future of Stockton Rabbit Club will be held next Saturday, October 30, in the Red Cross Hut, Buchanan Street. All fanciers in the district are invited to attend.

NOMINATIONS REQUIRED

The National Chinchilla Rabbit Club requires nominations for four vice-presidents and secretary-treasurer by Nov 5. The club also requires venues for its 1966 young stock show in the midlands and its 1966 adult stock show in the south. Terms and railway facilities should be sent to J Sanderson, 182 Overton Road, Leicester, as soon as possible.

Mediums account for half the entries at joint baby show

THE Wolverhampton Club and Walsall branch held a joint baby derby for animals of four to seven months at the Courthouse Hotel, Dudley, on October 10. The show was judged by Mr R Boak, with Mr J Payne as judge under instruction.

There was a total of 91 animals entered by 17 breeders, and from this it is clear that breeders are still very interested in showing animals. It was also pleasing to note that the quality was improving. After the show was over the judge commented that the medium animals were of exceptionally good quality, and if this was repeated this year in the regional and national shows the judges were going to have a very hard time. More than half of the animals entered were shown in the medium class.

Governing Council will put matters in perspective

THE Joint Siamese Committee has recently issued minutes of its meeting held on Sept 18. At this meeting, the committee of the Siamese Cat Club, the Seal Pointed Siamese Cat Club, the Siamese Cat Society of the British Empire and the Blue Pointed Siamese Cat Club recommended that:

1 The GCCF be urged to give immediate recognition to the Joint Committee by making it the sole authority for the appointment of Siamese judges.

2 Show managers to be informed

2 Show managers to be informed that the clubs concerned would only support their shows if judges were drawn exclusively from the Joint List.

from the Joint List.
The Joint Committee then passed a resolution incorporating the above two suggestions and decided that support, including the giving of trophies, should be withheld from shows using Siamese judges not on the Joint List. Furthermore, that the Joint Committee judges should withdraw their services from such shows. Judges and clubs to be informed by letter.

ing whatever.

By attempting to force clubs to refuse the services of judges appointed by the SCA, the Siamese Cat Club, alias the Joint Committee, is not only cocking a snook at the Council, by whom these judges have all been approved, but is also attempting to apply highly improper pressure upon show managers and judges, who, if they allow themselves to be subordinated, will become accessories to an offensive practice.

will become accessories to an offensive practice.

I am absolutely certain that it will not take the Council long to put matters so that they are seen in their proper perspective. Meanwhile, I advise members of the Fancy to treat this amateurish and ill-conceived attempt at power politics not perhaps, with the contempt it so richly deserves, but rather, with tolerant good humour.—IVOR RALEIGH

ALL KITTENS CARRY DILUTION FACTORS

REGARDING Mrs Baxter's Cream Point Slamese (Oct 7), as one parent was a Lilac Point, all the kittens must carry the dilution factors which produce the colours chocolate, blue and lilac. TEN A RECORD

IN a recent issue Mrs Silkstone inquired whether her Burmese queen, wh had produced a litter of ten kittens had created a record for this breed.

As far as I know, and I have been making inquiries ten is the record at the moment, but this has also been reached by my queen, Benroc Bardolino, who earlier this year gave birth to ten kittens sired by my Copplestone Lun-Tha They were all a fine, strong, healthy litter.—Y BENTINCK

Mrs Todd, Mrs McVady, Mrs Ruffell, Mrs Iris Herbert, and many other keen breeders passed on various tips and advice from their experiences

It was helpful and ben-ficial to have three experts of these breeds, Miss Sheppard, Miss K Yorke, and Mrs Brunton help solve some of the problems of present day breeding.

A delicious tea was served, and it was a joy to be able to talk with friends and exchange one's news, hones and ideals

At the Kensington Kitten and Neuter show Miss Page's Blue Cream kitten, Woburn Pansyface, was best Blue Cream kitten. Mr and Mrs Dugdale's Harbur Cream Bun best Cream kitten.

Although judging the Blue Persian adults at the recent Herts and Middlesex championship show, I did have time later in the day to view the cats and kittens and chat with friends.

Mrs MacDonald won the Cream male challenge certificate with Hendras Chamols, and returned to Ireland very happy Miss Sheppard won with the very lovely Wildfell Quaker Girl, bred by that expert breeder of so many outstanding Creams, Mrs Wright. Mrs Joan Thompson's outstanding Blue Cream, Opal of Pensford, appealed to me very much.

and so efficiently.

Lilac Point Kitten, Male: absent Wallings;

I King's Trismegistos Bellerophon, very elegant kitten of excellent type and colour, gorgeous coat, very close lying, good top of head, well set ears and spoon feet; 2 Waish's Seraphim Sinbad, very typy kitten with good long head, beautiful eyes and ears, lovely colour, chin could be stronger and tail longer; 3 Everett's Annelida Lilac Mingo, excellent body length, rather narrow between the ears, very good eve shape and colour. Points a little too blue; r Bower's Slepoo Lilac Symphony, very well balanced kitten and good points colour, nice eyes and firm chin, good tail. Female: absent Henderson and Buttery; 1 Thurnan and Heffernan's Sanpat Regina, very dainty kitten with good body length, fine limbs and spoon feet, good eye shape and well set ears; 2 Walsh's Seraphim Sindy, very good head and excellent eye shape, tail could be longer and coat rather loose; 3 Gray's Zureiqua Lilac Leila, well grown kitten of good length, both head and body, eyes too round; r Arnold's Feremina Lilac Lou, good body, paws, feet and tail, head a little short. Seal Point Litter: 1 Kitchir's, one male and three female, in excellent condition, very even and of good type; 2 Bullock's, two male and three female, good type, well grown, fine muzzles, three needed deeper eye colour; 3 Gee's, one male and three female, well grown kittens with good length of body and eye colour; three needed deeper eye colour; 3 Gee's, one male and three female, well grown kittens with good length of body and eye colour; ex 3 Trott's, two male and three female, two with good heads and two rather short; r Kite's, 3 male and four female, very good bodies and coats but rather square muzzles. Limit Blue Point, Female: absent Horwich, Newsom: 1 Bower's Samovar Springtime Lullaby, very good colour, excellent coat texture, long body, well set ears, eyes inclined to be round; 2 Smith's Pi-Den Rebekaeh, nice profile, pinched muzzle, good eyes and colour; 3 Rendell's Misselfore Lysa, good

Surely there is no more charming spot to hold a cat show than the Valley Gardens at Harrogate. In such beautiful surroundings there is always a very happy atmosphere, and Mrs Beever and her helpers arranged everything to perfection for a most enjoyable show Quality of the exhibits was exceptionally high and all were in fine condition. Many thanks to Mrs Knight, my experienced and capable steward

CREAM — Male (5): A wonderful class, hard to separate 1 and ch, Lomond Bonnie Laddie, wonderful 'type massive Cream, lovely wide head, deep chin and broad muzzle, deep copper eyes, lovely full tail, huge paws, the soundest coat in class, a lovely soft pale cream, 2 Richardson's lovely type male, pale cream paws and underbody, darker on back today excellent dark eyes, broad deep muzzle; 3 Wright's Wildfell Northern Light These three males all had glorious type. This one tiny neat ears, glorious eye colour, best eyes in class, colour not so sound today, tail white underneath and coat dark in places. All these three were worthy of championships and another day may change places r Morrison's Leemor Rupert, coat colour warmer but even, again lovely type, but ears rather open, coat of hasher texture today, tail very thin, not yet ready. Female (3): The Cream females were not so outstanding as the males in type. 1 and ch, Cox's Foljambe Fairy Peasblossom, wide head, good eyes, nice texture of coat though shady but full and long, lovely condition; 2 Tillotson's Wildfell Starlight, nice type firm chin, lovely eye colour, ears medium, coat colour fairly sound; 3 Macey's Deebank Amber Queen, fails chin and type, huge deep copper eyes, tail very white underneath, top comberneath Beauty. lovely type and gorgeous eyes, needed more cream on face and a little less on back of head, one cream paw it is so difficult to get perfect mingling in this breed; abs, Stephenson.
