'Who will rid me of these priestesses?'

I HAVE read Mrs Hindley's letter with a great deal of regret. It would have been much more suitable had she wisely decided not to interfere with matters of which she has no knowledge other than that derived from the extremely, I might say almost hysterically biased protagonists of one side of this sorry affair. Not satisfied with publishing her uninformed views, she even found it necessary to send duplicated copies of her letter individually to delegates.

In this, she has done me a service; for we have at this time the kind of Council which did not exist in her latter days as a delegate, a Council composed of intelligent, fair-minded people who are unlikely to be moved by wholly emotional appeals or wild and unsustainable personal attacks.

In the last twenty years the Council has suffered from almost continuous non-government; and decisions were made not on any basis of right and wrong but upon an insidious principle of mutual back-scratching. Secrecy, some of which still remains as a vestige of this unwholesome period, was a virtual necessity; for few of the Council's decisions of those days would have survived cold scrutiny in the light of day.

By contrast, the Council of today does not need secrecy. The opening-up of the Council to a far greater range of clubs has infused the necessary amount of fresh and buoyant blood; and these new delegates today work in harmony and co-operation with older delegates who contribute heavily to the Council's competence with their great knowledge and tradition. Both the old and the new respect and appreciate the part which each component plays.

This liberalisation of the Council and its enlargement to include delegates from every side of the Fancy is the one personal achievement from which I derive the greatest pleasure and to which the Fancy may look with the highest hope.

Unfortunately, a small diehard element

still remains in the Council and presumably, only time will effect a complete cure. Fortunately however, such people represent a very small and unimportant fraction of the whole; and although they make much needless noise and consume a good deal of time, there is little that we can do about them. Their smallness serves to limit their disrupting influence.

Both Miss Wilson and Mrs Hindley are perfectly aware that the Council has made the right decision in the Prentice case. The whole of their protest is based upon trivialities and upon unworthy and insignificant quasi-legal quibbles which are more pathetic than irritating. And lately, it will have been noticed that I am being made the scapegoat for the Executive Committee's alleged imperfections.

The reason for this is childishly obvious. In six months time the Council will elect a new chairman and it is the fervent hope of some of the recent contributors to *FUR AND FEATHER* that if they smear me with sufficient red paint I may become as it were, a non-starter in the forthcoming contest.

And they are right to attempt it; for if the Council chooses to promote my services I shall use my best endeavours to see to it that all its dark and dank corners are swept clean. Only under such conditions can the Council become an organisation worthy of the great abilities of its delegates who will then be able to see to it that our Fancy becomes the splendid organisation it deserves to be.

Some people may well think me immodest in believing that I can so build upon the foundation laid down by our present chairman as to effect a significant step forward. These people are right. I have never been modest in the conventional sense of the word; for you see, I believe that true humility lies not in hiding and denying one's small abilities; but in acknowledging that in spite of such abilities one still remains a very inadequate and unimportant man. **IVOR RALEIGH**

Give praise where praise is due

WHAT a wonderful achievement by Mrs Grace Pond. Eight days after the mammoth National Cat Club show, I, as hon secretary of the Capital LH Cat Association received notice of the winners of the specials offered. Unfortunately six are not yet members.

I have not yet (December 8 1970) received notification from the Herts and Middlesex Cat Club show for September 5 1970 nor the Midland Counties Cat Club show October 24 1970.

How can club secretaries check on exhibitors entering their club classes as fully paid up members if no marked catalogue is received until after the GCCF gives clearance, after which most show managers immediately pay out.

This means that it is quite possible for a non-member to be given 1st prize and a fully paid up member 2nd prize and this does happen. Why cannot the GCCF give clearance

before the show and prevent such a thing happening as best in show being disqualified after the show?

The exhibitor has had all the honour and glory on the day and walked off with the rosette etc and possibly very few people ever know that the cat was disqualified.

I am sure there must be a way to make it possible to get clearance before the catalogue goes to press and prevent those irritating errors caused by exhibitors giving wrong information, not intentionally, but just carelessly.

During my term in office as secretary of the KK and NCC there were shows for which I never received a marked catalogue and in that case the cups book could not record wins on cups. So if you are expecting a cup and do not get it this could be the reason. (Mrs) **MARGERIE BISHOP, London**

Gentle cat with the soft voice

IT WOULD appear from Mrs Willbourne's letter (*FUR AND FEATHER*, December 3) that according to her there are no Russian Blue cats left for her 'Russian Blue Protection and Advancement Association' to protect or advance.

It was most disappointing that the name

(Continued from previous column)

hoped that many will do so and that some, at any rate, will then join the Association and share in the task of re-forming the chinchilla set-up in this country.

The judges will be Mr Arthur Sweeney and Mr Scott. Efforts are being made to encourage increased entries in the pelt classes. Not only the better known breeders but the average pelt producers are invited to make entries. This will ensure that the classes can be split up so that the awards can go to a greater number of breeders. Preparation of the pelt counts a great deal. Repeated dusting and shaking can do much to get a pelt into show condition.

The Unicorn Hotel is an excellent venue in the heart of Ripon, which is only a few miles from the A1. Reduction of hotel charges are made to breeders who wish to stay overnight and who will state when making their bookings that they are coming to the show.

The registrars are Mr and Mrs K N Turnbull, Braemar, The Plantation, Low Fell, Gateshead 9, Co Durham. They will be glad to have entries and inquiries from members and non-members.

and pedigree of Mrs Willbourne's last of the line pure bred Russian was not mentioned as this would be most interesting, for the only old Russian Blue who has been known to have died a few months ago (other than my dear old Ch Harvees Antimony) is a direct ancestor of my own line of pure Russian Blues (so perhaps there is still hope after all).

I know that there are people who fancy a bit of experimenting but there is no reason whatsoever for the downright statement that all Russian Blues today are really Short-Haired Blue Foreign.

This is wrong, misleading and extremely unfair to the purists who have bred pure to pure for long years. One wonders why we bother when all seem bent on the destruction of the breed as a whole—both with experimenting and also continually running the breed down verbally.

How long does a breed have to be established before, in Mrs Willbourne's view, it becomes pure? Fifteen, forty, one hundred years?

When Mrs Willbourne remarks on my comments regarding lethal factors and abnormalities, I did not mention mismarkings. She is putting words in my mouth which I have never said. Being far more serious I entirely agree. I merely said these things can and do happen in any species of animal on this earth, but whatever gave her the idea that I favour breeding from such animals? I am extremely surprised that Mrs Willbourne should come to this conclusion.

I am very sad that so many people who profess to love the 'gentle little cat with the soft voice' should be continually at loggerheads. They could do so much if they all got together and tried to help each other to perpetuate the best of their stock. Sadly though, it seems that this will never be, for as long as can be remembered there has been trouble and arguments, some I suspect caused by just plain cussedness and jealousy and also, of course, the cross-breeding by some people (note I say some people, not all).

I have until recently just sat back and watched it all, but if we all continue to go on in this way, what is going to happen when we are too old or too sick to carry on any more? We are most certainly not encouraging any young people to be interested. The Russian Blue cat, it would appear, is doomed and has been from the very start by people who will insist on bemoaning what the experimenters are doing.

Nothing at all is being said about the few who are dedicated to the good of the breed and also the few who are good specimens of the breed. The sad outcome of all this will undoubtedly be that only the bad will be remembered and the good will disappear into obscurity.

I am now going to retire from writing on this particular subject and do hope that it will have at least given a little food for thought. I will of course continue to breed true-bred Russians and when my health allows will still hope to exhibit some of them at shows. PAT KIRBY

Pasha Sheba Crusader's pedigree

I THINK Mrs Hunt (FUR AND FEATHER, 3 December) owes me a public apology. I would like to point out to Mrs Hunt and any other rumour-mongers, that my stud **Champion Pasha Sheba Crusader is not from an unknown grandsire.**

All the talk about the pure-bred and pure-breeding in Chinchillas is a skit on my cats, because they were wrongly registered in the first place. If Mrs Hunt is such an authority on pure-breeding, she will know that my Chinchillas are more pure-bred than any on the show-bench today, and all my own breeding.

I do not and never have claimed my cats to be pure English, and cannot be held responsible for what Mrs Clark or anyone else writes in FUR AND FEATHER. Mrs Clark has obviously got confused.

Here are the facts:
In September 1962, two kittens were purchased from Mrs Turney as pets. They were eight weeks old, not registered or inoculated, one male and one female. My daughter had the male and I the female. Mrs Turney would not register the kittens and returned my cheque which I sent her for this. We had the two kittens inoculated and registered ourselves, Zimalus Nicholas and Pasha Sheba Mitzi.

On July 14 1964, Pasha Sheba presented us with three female kittens. Being novices at the time, we had no idea she was in kitten. We knew nothing about breeding or at what age a cat would breed. Not having seen the mating, I was foolish enough to register the kittens with an unknown sire, and have never lived it down.

Had I registered the kittens with Zimalus Nicholas as their sire, nothing would have been said, but I have been brought up with a principle and thought then that I was doing the right thing, instead I have been looked upon as one of the worst criminals.

If I have committed a crime, I have surely paid for it, for the last eight years.

At the National Cat Club show 1963 we entered Zimalus Nicholas, Pasha Sheba Mitzi and the three kittens for competition. It was at this show that Mrs Turney protested at us showing the two cats. Miss Yorke was at that show, and gave us permission to show our cats. The matter was put before the Governing Council.

It was at this same show that Mrs Turney came up and asked for more money for the two cats, because apparently, we intended to breed and show. She said that although they were sold as pets they were in fact show standard, and the only reason we got them was because we had waited such a long time for them, 12 months.

Zimalus Nicholas received second in his open class and Pasha Sheba Mitzi vhc. Extra money was paid to Mrs Turney for these two cats. My daughter was very upset by the whole affair and was in tears.

Even after we paid extra money, we received a letter from Mrs Turney, saying that we should not show, breed or do anything with the two cats until we heard from the Governing Council. We received no word from the Governing Council and my three female kittens were ten months old, before I approached our very dear friend Mrs Polden, who in turn informed Miss Langston. It was

Classification of cats

I HOPE Mr Raleigh will accept a tribute for his admirably simple scheme, with one small reservation, that Rex should be included in Category B.

Rex may be bred like to like but I doubt if now is the time to make this an infallible rule.

All Cornish Rex have common ancestors, some being responsible for the undesirable long hair. The breed is fast multiplying in this country and the danger of producing the long-haired coat is probably not great, but the effect in Australia is quite another matter.

At present there are three stud-owning breeders and only one of the studs is unlikely to bequeath this defect, in that the LH ancestry appears only once in his pedigree. In the others it appears many times and LH kittens have appeared and are being shown as Cornish Rex.

I advised outcross breeding to carefully selected short-hairs, but this is by no means an easy solution owing to the dearth of pedigreed SHs other than Siamese, Burmese, Abyssinians and a few Russian Blues.

The situation is further complicated by 'Hybrid' being a dirty word to some of the many Australian Governing bodies which demand five pure generations (however in-bred) before a cat may be promoted from the 'Experimental list'.

I am now contemplating an outcross mating for my rex queen, if I can find a suitable stud (and if she will collaborate). I am unable to stage a full breeding plan owing to lack of means, and also being madly allergic to culling kittens I have called into being.

But we too can do with new blood, and I believe even my small effort may help the breed.

I would be specially happy to donate a kitten to Australian breeders because I have so lately been involved in their efforts and difficulties.

Miss Langston who told us to carry on showing and breeding.

It was only Mrs Polden who showed any kindness and sympathy towards us, for which I am most grateful, and it was to her lovely stud Poldenhills Merlin that my three females went for mating. Other Chinchilla breeders would not take them to their studs.

Mrs E Polden is one of the rare Chinchilla breeders who has helped me in every way and it is a pity a great many more do not take a leaf out of her book. She is an excellent judge.

Mrs Colville has only been to one show with her Chinchilla, Cliauquet Silver Solomon, son of Pasha Sheba Silhouette. I have had eight years of abuse. Mrs Hunt's letter is typical of the Chinchilla breeders.

Anyone considering breeding and showing Chinchillas will be well advised to be prepared to meet trouble.

I consider I am one of the TOP CHINCHILLA BREEDERS and would like to know whether there is another Chinchilla Stud that can boast of nineteen firsts and best kittens in this country, in four years.

I sometimes wonder why some Chinchilla breeders say their cats are bad tempered. None of mine is bad-tempered, and all are well known for their lovely disposition.

Mrs Hunt and Mrs Clark will do well to note the word Sheba has only one E. For information I enclose my studs pedigree.

Through the kindness and understanding of Mrs E Towe and the Governing Council Committee, my cats are now on the ordinary register. MARJORIE ROLLS (Mrs), Dereham

Mixed ancestry for Blue Persians

I READ Mary Bishop's article on Longhaired breeds with interest, and agree with a lot she has to say—certainly on feeding.

In her closing passage she states that it is regrettable that Blues are being exhibited and bred from that have mixed ancestry, and would like to ask her why she makes this statement for the following reasons which can be checked by reading FUR AND FEATHER, GCCF stud books, etc.

1 However a Blue is bred if mated to Blue will only produce blue.

2 Some of the best Blue Persian studs have mixed ancestry (past and present).

3 Some of our long established breeders and judges practise it both in this country and abroad.

4 Finally the 1970 show season has seen wins of best in show awards by both cat and kittens, so the quality must be right. R TILLOTSON, Keighley

Abyssinians without white hairs

AS A breeder of Abyssinians in South Africa, may I ask breeders of these cats in England for information as to whether they have ever bred any kittens with literally NO WHITE at all anywhere, and whether these kittens lived to maturity.

The reason I ask is that, from an experimental mating of two half-Abyssinian half-Siamese cats, I produced a blue male kitten without one single white hair. The other three in the litter were a red Abyssinian boy and two normal Abyssinian girls, all with white on top lip and chin. At the age of 24 days the blue kitten died suddenly, and no reason for this could be found from the post-mortem examination performed by my veterinary surgeon or from a further examination at the veterinary Research Institute.

My veterinary surgeon, however, has a theory that lack of white markings in an Abyssinian may be gene-linked with a lethal factor and this, I feel, should be investigated further. Unfortunately I cannot repeat that particular mating as the tom I used has now been neutered; therefore I must seek help from other Abyssinian breeders. Personally I have never bred an Abyssinian kitten without the usual white markings, but I would be very grateful for information from other breeders.

The lethal factor theory seems feasible—if it has been possible to breed out incorrect white markings in other breeds (ie Tabbies), why has it not been possible to do this in Abyssinians? (Mrs) G L BESWICK, Transvaal, South Africa.

Odd-eyed Cornish Rex

THANKS to Mrs Beaver, for asking at last, the question which I have been waiting to hear since November last year, when my Lohteyn Traveller's Joy went up for best in show. Is

an odd-eyed White Cornish Rex eligible for challenge certificates? Joy has been shown several times since then and has always been in the first three in her open class and has won many side classes, but as far as I know, not one judge has suggested that she might be wrongly entered.

The standard states that any coat colour is accepted, with eye colour 'in keeping' as for SH breeds. Odd eyes ARE 'In keeping' in a white cat as bred 14b, but this breed is not awarded CCs. But, on this basis, what about all the yellow-eyed whites, the blacks with startling white undercoats, the torties with blue patches, the pale milk chocolates, the cream tabbies; self lilacs—even yellow-eyed Siamese Rex! Not one of these even confirms to any SH breed at all!

Many of these oddities are very beautiful (Continued on page 44)

CAT CLUB NEWS

NATIONAL CAT CLUB

Nominations for the National Cat Club delegates to the Governing Council of the Cat Fancy must reach me by January 31, 1971. All nominations must have the signature of the nominee and also the proposer and seconder.

The four retiring delegates who are eligible for re-election are: Mrs M Brunton, Mrs G Pond, Mrs J Thompson and Mrs P Hughes.

Will members note that as from January 1 1971 the hon treasurer is Rev G Briscoe, 5 Croftdown, 25 Shepherds Hill, Highgate, London N6. Subscriptions now due should be sent to the new treasurer.

The committee extend to Mrs Speirs the retired honorary treasurer its grateful and sincere thanks for all her efficient work on behalf of the club during her term of office.

The date for the annual general meeting is Saturday April 17, 1971, time and place to be announced later. ROSEMARY GOWDY Hon sec, 44 Westover Road, Downley, High Wycombe, Bucks

TABBYPPOINT SIAMESE AND PROGRESSIVE BREEDERS CAT CLUB

A very successful party in aid of club funds was given by Mr and Mrs Richardson at their Kentish home at Biggin Hill on Dec 13 1970. The refreshments, so varied and delicious, must have entailed a great deal of hard work but they were certainly very much appreciated by all present.

There was a bring and buy stall and a raffle for which the prizes consisted of two mystery prizes presented by the chairman (a very fine spice set and a packet of cat food). A bottle of whiskey and two large iced cakes (home made) given by committee members were also won by lucky guests.

Members attended in inclement winter weather which included fog; some from as far afield as Devon, Hants, Surrey and Herts, which showed a real interest in the club.

Sincere thanks to Mr and Mrs Richardson for their hospitality and all that they did to make the party a success. MARJORIE M GAMBLE, Hon secretary, The Lodge, Farningham Hill, Farningham, Kent.

THE CAPITAL LONGHAIR CAT ASSOCIATION

The announcement made by the Capital Long-hair Cat Association in FUR AND FEATHER of Dec 17, 1970 is cancelled.

The three members of the committee who retire are Mr H Boulton, Mrs M Graham and Mrs L Shepard. All are eligible and willing to stand for re-election.

Mrs R Gowdy, Miss E Sheppard, and Mrs M Wade filled vacancies during the year. They are eligible and willing to stand for election to the committee.

Attendances. Five possible, Mr Boulton four, Mrs Graham four, Mrs Shepard three. Three possible: Mrs Gowdy two, Miss Sheppard one. One possible: Mrs Wade one.

Nominations for the committee must be received by the hon secretary by January 31 1971, together with the signature of the seconder and acceptance of nominee.

The date of the annual general meeting is March 13, 1971, venue to be announced later. Items for the agenda by February 13, 1971, please. (Mrs) MARGERY BISHOP, Hon secretary, 111 Nether Street, London N12 8AB

JOINT ADVISORY COMMITTEE (SIAMESE CATS)

A meeting of the Joint Advisory Committee (Siamese Cats) will be held on January 23, 1971 at 1.30 pm, YWCA, London WC1.

Arising from the SCC/JAC Conference held at the above address on December 5 1970, the following items will be placed on the JAC agenda for consideration.

1 That the standard of points for Siamese include the words 'straight profile, strong chin, level bite'.

CAT BOOKS

LIST 4d.
LITTLE BOOKSHOP, FARNHAM COMMON, BUCKS.

2 That the JAC (Siamese Cats) try to obtain recognition from the GCCF and authority to deal with matters relating only to Siamese breeds.

3 That the GCCF be requested to have extra meetings in order to clear outstanding matters concerning the Fancy.

4 That the GCCF be requested to call a meeting of the Genetics Committee to discuss Mr Bullock and Dr Raleigh's propositions on classification of breeds.

5 That the GCCF be asked to grant the Genetics Committee power to co-opt outside assistance for advice.

In view of his knowledge and contacts, the first name suggested was Roy Robinson, Editor of the 'Carnivore Genetics Newsletter'.

There has been some unavoidable delay in getting the Constitution and Rules of Procedure duplicated. These will be circulated as soon as possible. M D SILSON, Hon secretary, JAC (Siamese Cats).

WEST OF ENGLAND AND SOUTH WALES CAT SOCIETY

In accordance with the amended rules of the West of England and South Wales Cat Society nominations must reach me by January 31 for chairman, treasurer, secretary, delegates and committee.

The two retiring committee members are Mrs D King and Mrs M Knight, of whom only Mrs D King offers herself for re-election.

Under the new rules there will be no postal ballot and chairman, treasurer, and secretary will hold office for three years.

The annual general meeting will be held in Bristol on April 24. O B OLIVE (hon sec), Rose Cottage, Frampton Cotterell, Bristol.

SIAMESE GET TOGETHER

Mrs E I Gornall writes that the first Siamese 'Get Together' of 1971 will be on Saturday February 6 at 2.30 pm at 33 Dresden Road, Nearest Tube Station Archway.

A warm welcome is extended to new breeders, cat owners, and anyone interested in the welfare of our feline friends. It is hoped that as many old friends as possible will come along, weather permitting, and enjoy a cup of tea and cat chat.

Many things are changing in this world of ours except perhaps the love and affection one gains from owning a cat. Shows are bigger and the exploitation of our dumb friends is unfortunately growing. Are our hearts growing as fast?

With the re-development going on in London many more cats are being left by thoughtless owners, to fend for themselves. Many are sick, frightened and bewildered watching the bulldozers tear down what was once their fireside. If you can help in any way to find homes for the ever increasing numbers, please telephone 01-2726132 at any time.

NOTTS AND DERBYS SILVER JUBILEE SHOW

Mrs J N Gee, show manager of the Notts and Derbys Silver Jubilee show, to be held on February 27, writes that the statement on the entry forms reading 'Please note all exhibits must be inoculated against feline infectious enteritis' should read 'Please note that it is **RECOMMENDED** that all exhibits **SHOULD** be inoculated against feline infectious enteritis'.

NORTHERN COUNTRIES CAT CLUB

Annual meeting in aid of CFFR—This meeting will be held in the Department of Physical Education, Newcastle University (close to Civic Centre) at 2.30 pm on Saturday, January 23. Mr George Wilkinson M.V.S.C. M.R.C.V.S., of the Small Animal Centre, Animal Health Trust, Newmarket, will speak on recent advances in feline research. All members and their friends are invited to support this meeting.

Annual general meeting—The annual general meeting will be held on March 27, 1971. Items for inclusion in the agenda should be sent in writing to me before January 31. The names of proposer and seconder should be included.

Subscriptions—Subscriptions for 1971 are due as from January 1. Remember the new rates 15s (75p) adult; £1 5s (£1.25) joint husband and wife—Mrs NANCY HILL, hon sec, 28 Station Road, Forest Hill, Newcastle upon Tyne 12.

FOREIGN WHITE CAT FANCIERS ASSOCIATION

A one-day conference will be held in London on Saturday, February 20, 1971, and members of the Foreign White Cat Fanciers Association are asked to make a note of this date now.

The conference will open at 11 am with a lecture/demonstration of Foreign White genetics. This will be followed by a break for lunch and the conference will resume with a session devoted to questions on the breeding and genetics of Foreign Whites to a panel which, it is hoped, will include Dr Patricia Scott, Roy Robinson, Peter Dyte and Patricia Turner.

This will be followed by discussion of items 4b, 4c, 4d and 6 in the October 1971 referendum on breeding policy. Fuller details and the agenda will be in the January issue

of Foreign White News.

As seating will be limited, admission will be restricted to paid up members who have notified the Hon Secretary of their intention to attend. If members from Northern England will contact the hon secretary immediately it may be possible to organise transport.

Subscriptions for 1971 are now due and should be sent to the treasurer at her new address, c/o 28 St John's Road, Gillingham, Kent (25p or 5s). KEN BURTONWOOD, hon sec, 76 Sydney Avenue, Leigh, Lancs. Phone: Leigh 74174.

YORKSHIRE COUNTY CAT CLUB

At a general meeting of the Yorkshire County Cat Club held in Leeds on December 13, 1970, Miss Macpherson, the president, presented the club's trophies to those members who were there to receive them. Miss Macpherson repeatedly praised the lovely display of trophies and the care expended on them by Mrs Wright, the cup secretary.

New rules, which came into force on January 1, 1971, and involving an increased subscription to 12s (60p), were approved and will be sent to all members as soon as copies are received from the printers.

It was also resolved that: This meeting regrets that the Governing Council of the Cat Fancy did not act on the tradition we would have expected of it as good employers in the matter of the recent dismissal of Miss Prentis, the Siamese cat registrar.

TABBY CAT CLUB

Will members of the Tabby Cat Club please note the change of address of the secretary. It is now Mr R Chapman, Karnak, Mannington, Wimborne, Dorset BH2 7JU.

RED POINT AND TORTIE POINT SIAMESE CAT CLUB

Nominations for the delegate and committee members of the Red Point and Tortie Point Siamese Club, also items for inclusion in the annual general meeting agenda should reach the secretary by January 31 1971.

Mrs Lingard is the Club's retiring delegate and is not willing to stand for re-election. Mrs Deacon and Mrs Evely are the two retiring committee members and both are willing and eligible to stand for re-election.

Two further vacancies have occurred on the committee: one by the sad death of Mrs Helen Sumner and one by the resignation, owing to ill health, of Mrs Sybil Warren.

All proposals must be seconded and the written permission of the nominee must be given. LESLEY PRING (Mrs), Hon secretary, Slade House, Roadwater, Watchet, Somerset.

BLUE-POINTED SIAMESE CAT CLUB

Any proposals for inclusion on the agenda of the annual general meeting of the Blue-Pointed Siamese Cat Club must reach me not later than February 6 1971. Details of the annual general meeting will be published later, and all members notified. G L LAIT, 25 The Parade, Dudley, Worcs

FAREWELL TO PETRAVIAN BLACK PANTHER

As I write this I am grieved, heartbroken and full of sorrow for my darling Panther who died so tragically following a fire in an upstairs room on December 29. He lived for six days after this terrible fire.

My husband managed to save Bluey, Diane, Eskimo and Christobel before the firemen arrived. My husband, myself and my veterinary surgeon stayed by Panther (who was so terribly burned) day and night in the living room with constant warmth fighting to save him.

Panther is buried in his pen, where I shall always watch over him from the kitchen window and I know I shall grieve for him the rest of my life.

Should my cats be shown in the future it will be by my husband. IRENE TRICKETT

The National Cat Club show, from the point of view of most of the judges, was too successful because most of the classes ran to two pages and many of them to three pages. In the afternoon the crowd of spectators was so dense that it was almost impossible to get to the cats.

My grateful thanks to my hardworking steward Mrs Light who handled the cats beautifully.

COLOURPOINT Male 9: 1 ch Ryan's Cobden Shamus, massive cat of excellent type, good top of head, strong chin, large round eyes of deep blue, long soft coat. 2 Brown's Baytor Set, good chin, eyes not as round as I would have liked, long soft coat. 3 Harding's Ch Mingchui Plan, good type head, large round eyes of fair colour, ears a little large and close, coat a little short today. Female 18: 1 ch McLellan's Beaumist Jacaranda, very good type head, big ears, well set, large round eyes a little pale, long soft coat. 2 Harding's Mingchui Nymphae, excellent type head, short nose, tiny ears well placed, good chin, long soft coat, would not open her eyes although

I tried several times during the day to get her to do so. 3 Cartmel and Singleton's Meonvale Michelle, good type head, large round eyes of deep blue, coat not at its best. **AC Special** limit junior cat female (ex Blue) 14: 1 Beck's Honeymist Tantara, a Blue-Cream with excellent type head, tiny ears well set, short nose, large round copper eyes, long coat, beautifully intermingled. 2 Mulvey and Noble's Chadhurst Black Rosebud, a black of excellent type, small ears well placed, large round copper eyes, long coat sound to the roots. 3 Tomlinson's Tewithit Tania, a cream with very good type head, small ears a trifle close together, good chin, large round copper eyes, coat sound, tail rather long, very well shown. Senior cat, female (ex Blue) 12: 1 Vernon's Fishermore Giovanna, Black of excellent type, small ears well placed, large round eyes of deep copper, long coat a little shady. 2 Parson's Ormandale Juliet, Tortie with good type head, large round eyes of good colour, long coat, chin a little weak. 3 Darby's Woburn Pansyface, a Blue-Cream of good type, small ears well placed, large round eyes a little pale, coat, well intermingled but rather woolly. Maiden female 3-5 mth 22: 1 Phillipson's Davindo's Rebecca, Blue of excellent type, large round eyes of good colour, long soft coat, completely sound. 2 Sharp's Blyth Poppet, cream of very good type, small ears well placed, large round eyes of good colour, long soft coat. 3 Wade's Zenith Estella, Blue Cream with very good type head, very good eyes, long coat well intermingled. CHESHIRE AREA'S NEW VENUE PROVES A WINNER

We were very fortunate that we were spared any power cuts on December 12. The possibility of these had been a constant worry in the preceding few days. There was an excellent 'gate' at our new venue. We were pleased to have Jason present this year. He is a great attraction. The team of helpers on the table worked non-stop all day, and I take this opportunity of thanking the committee members of the Gwynedd Cat Club and also Mrs Shewbridge and Mrs Nancy Hardy for their assistance to our own committee.

Best in show was run without a hitch by Miss Rickson and Mrs Wolstenholme, enabling the majority of cups to be awarded.

To all our hard working judges and stewards and others whose assistance helped towards the success of the show our very grateful thanks. JULIE MORRISON, PAT JONES and KEN DICK

The Cheshire Area Cat Club's Championship Show held at the Civic Hall, Winsford, Cheshire on December 12 was beautifully organized by Miss Julie Morrison (show manager) and assistant show managers Mrs P Jones and Mr K Dick. Everything was done for the comfort of all—the hall, a new venue, was new and so clean.

The lighting made judging tricky owing to it being such a dull day, but this is usually the case during the winter months. Many thanks to the committee for the really lovely box of biscuits given to each judge. We all appreciated this lovely gift.

There were many absentees owing to the electricity problem, but fortunately we went through the day without any cuts. The public thronged in during the day and I feel sure that Winsford is a popular venue. The quality of the exhibits I judged were deserving of top honours, and several could have come first in their classes.

BLUE LH Male ad 5: 1 ch Wilde's Lomond Blue John, very lovely exhibit, full pale sound coat groomed to perfection, lovely head with neat little ears set on a wide skull, strong muzzle and chin, very good eye shape and colour 2 Ashurst's Marmsbury Lysander, very good cat, excellent head, full coat which was rather light at the roots, nice short nose, good muzzle and chin, nice large eyes 3 Bull's Marmsbury Demetrius, litter brother to above, this young male is of outstanding type, grand head, excellent muzzle and chin, nice short nose, eyes large and of very good colour, coat rather short today and a little light behind his ears. I think he will trouble the best when in full coat r Suddaby's Peereth Aaron, lovely cat, very good head, neat well set ears, good muzzle and chin, eyes rather deep set, nice short brush, full coat but very unsound at present. This was a very good class of excellent quality Female 7: 1 ch Hunt's Willanbet Apollo what a wonderful queen this is, she is all that a blue Persian should be, her head, type and eyes leave nothing to be desired, she has the neatest of ears set well down on her skull, her coat was soft pale and so sound, she was my nomination for best LH adult which honour she later won and then went on to win best LH exhibit in show. Congratulations to her breeder and to her owner for the wonderful presentation 2 Phillipson's Davidos Dolwyn, another lovely queen, excellent head and type, nice large round eyes, full coat but very light at the roots, very well shown 3 Challenger's Jessmay Michelle, very nice queen, good head, but would like neater ears, nice short nose, good muzzle and chin, good eyes for shape and colour r Davies's Ardwyn Caprina, fine

big queen, full well-groomed, fairly sound coat, quite good type, eyes rather pale in colour and set a little too close together Male Kitten 6: 1 Tillotson's Brackenhill Corin, wonderful kitten, carrying a huge well groomed coat, grand head, neat well set ears, nice short broad nose, good muzzle and chin, very good eyes for shape and colour—my best Blue kitten today 2 Ashurst's Cargoes Lyrical Lad, ran winner very close, grand head and type, neat ears, good muzzle and chin, full fairly sound coat, needing just a little more grooming on tummy 3 Prior's Tom Thum, very nice kitten, quite good type, but would like eyes a little rounder, full well-groomed coat, res Hepburn's Springheel's Charlemagne, I really loved this kitten and I think he has a great future, my report reads as follows: Wonderful kitten, excellent head and type, the neatest of neat ears, lovely cobby body, wee short tail, full coat showing a temperature mark today and one eye was a little wet, I shall follow his career with interest. Female 10: 1 Prior's Lady Isabella, excellent all round kitten, wonderful top to head, copper eyes, neat nose, good muzzle and chin, full well groomed coat, short tail 2 Phillipson's Davidos Rebecca, another very good kitten, excellent head and type, eyes large round and of good colour, would like more width between ears, pale full fairly sound coat 3 Molineaux's Cargoes Liander, very nice kitten, sweet open face, short nose, lovely eyes, good muzzle and chin, ears a little pricked, coat rather unsound r Hunt's Veluer Amy Bluebell, good kitten, full coat which was a little shady, lovely top to head, eyes rather oriental in shape **COLOURPOINT** Male kitten 3: 1 Linsey's Nevela Nizam, SP, lovely round head, short broad nose, good muzzle and chin, ears just a little pricked, round moon eyes, full coat with good contrasts. I brought this kitten out as my best LH kitten **AC** Radius 5: 1 Stormer's Chadhurst Susan, very good Black, very good head and type, good eyes for shape and colour 2 Hughes' Durlston Gardenia Girl, Cream, full coat, just a little shady, nice short nose, glorious copper eyes, ears rather pricked 3 Bryar's Davidos Golden Down, Cream female, quite nice type, but ears too tall, coat very shady and showing bars on front legs—she is very young and will perhaps do better when her coat has evened up Maiden LH Ken (Self) 13: 1 Lady Isabella 2 Bagnall's Penkvale D'Arcy White, really lovely copper eyes, pure white coat, cobby body, wee short tail, very good type 3 Jeffries's Woodlo Poppet, another very good White, very good head and type, full pure coat, very good eyes r Plunbe's Deebank Snowpetal, fine big kitten, full pure well groomed coat, lovely eyes for shape and colour, would like nose a little shorter 4 absent in this class Ex self 11: 1 Hepburn's Springheels Showgirl, Tortie, excellent head and type, lovely full soft coat, all feet broken, colours well broken on face, would like a little more black on back, very attractive kitten 2 Jeffries's Woodlo Chiffon, Chinchilla baby, very good type, nice brick nose, leather, full well ticked coat, nice cobby body, wee short tail 3 Phillips's Shyrlee Sweet Sue, Blue-Cream, full pale well mingled coat, all feet broken, no cream patches on face, good head and type r Bullen's Bullensmeade Aurora, a sweet baby Blue-Cream, excellent head and type, but eyes rather wet spoiling her face, full well mingled coat but darker than Sweet Sue. The rest of my classes were club ones—but the following cats are worthy of mention who won under me Ch Wildfell Ploughboy, Pr Deebank Tahzib, the Red Neuter who won best LH Neuter in show (he was my nomination), Ch Hardendale Nicholas, Blythly Onward, to name only a few. Also Miss Sharp's lovely Cream kitten Blyth Poppet who had won many first prizes. **DORIS BRICE-WEBB**

Mrs P Hughes
Congratulations to Miss Julie Morrison and the committee for a successful and happy show. A special word of thanks to Mrs J W Hughes for the splendid lunch which she prepared for us.

Quite a number of the cats were fractious and I am grateful to Mrs Stewart, my steward, for her careful handling with the result that we were not 'damaged' and the cats were not unduly distressed.

The light was difficult, particularly when judging Blue-Creams. During the afternoon when I revisited the exhibits there appeared to be quite a difference in colour. A bewildering experience for any judge! I think there was a great deal of reflected light from the coloured decorations.

LH CREAM male: 1 ch Tillotson's Ch Wildfell Ploughboy, good space between ears, short nose and firm chin, excellent eye shape and colour, beautifully textured coat, fairly

even pale colour, perhaps too pale underside 2 Sharp's Blythly Onward, very good eye colour, nice type head, ears and good nose, coat of good texture and colour, tail rather hot in colour 3 Thorpe's Clough Cavalier, even body colour, faint stripes on tail, excellent nose, chin and ears, eyes slightly damp Female: 1 ch Hughes's Durlston Gardenia Girl, pale, long well groomed coat, excellent eyes, nose and chin, ears rather upright 2 King's Dolmege Moonshine, very good type head, eyes and chin, pale colouring, slight whiteness underside 3 Bryar's Davidos Golden Down, quite nice type head, rather warm colour on back, pale head, excellent eye colour **LH BLUE-CREAM:** 1 ch Hepburn's Springheels Saraband, well balanced open expression, excellent eye shape and colour, mingled colour on all feet, fair on back, rather darker on face 2 Sharp's Blythly Onward, nicely mingled pale colours on back and face, rather blue underside, all feet broken, excellent top of head, eyes deep set, I could not see colour 3 Galt's Hilldev Golden Shadows, excellent type head with short nose, firm chin and good eye colour, cream predominating, cream chin but broken on face **CREAM** Kitten male: 1 Silverman's Dolmege Tate, long, well-groomed warm cream coat, excellent top of head, nose, chin and eye colour Female: 1 Sharp's Blyth Poppet, lovely expression, round well coloured eyes, very pale difficult to see white streaks to decide whether there were white streaks underside 2 Carling's Perianth Prima Donna, excellent colour and texture, not so type a winner 3 Barlow's Bumblebees Shandy, nice coat colour, texture fair, good type head, eyes appeared pale **BLUE-CREAM** Kitten: 1 Crockett's Davidos Charlotte, long, pale well intermingled even blue and cream, excellent eye shape and colour, very good head shape, my best kitten 2 Phillips's Shyrlee Sweet Sue, very well presented, pale colours, good eyes and type, ran winner close 3 Critchlow's Foxmine Shelly Anne, perfect colouring and good type head, excellent eyes, cream chin. These three kittens were all potential winners. **LH NEUTER PREMIER** AOC: 1 Pr Williams's Polar Cara Mia, chinchilla, silky, typical coat, nicely ticked shapely head with excellent eye colour, well-knit body with good legs and brush 2 Williams's Deebank Fluffy, very full coat, nicely mingled, rather too blue on feet and a little darker on face 3 Linsey's Akebia Budd-Leia, Colourpoint, soft coat texture, pale colour, good points, ears could be wider apart and nose shorter, excellent eye colour **VISITORS** LH Adult female: 1 Hunt's Willanbet Apollo, very well presented Blue, fairly even, perfect type and eye colour 2 Jellicoe's Akebia Matilda Bott, Colourpoint, splendid head, nice eyes, warm colouring and good points, strong legs and feet, good brush 3 S Saraband LH NEUTERS: 1 Carling's Kemnerleigh Jonathan, white, perfectly presented, lovely orange eyes, firm chin 2 Bentley's Glenville Adam, Cream, particularly good legs and feet, nice even colour, good head type 3 Webb's Clough Consort, Cream, full coat, good top of head, chin and eyes, cheeks could be rounder **CORNISH** RE Ad: 1 ch Bewley's Ch Annelida Georgina, outstanding for type of head, straight nose, firm chin and oriental eyes, lovely wavy coat and well covered whip tail, long legs and neat feet, worthy winner. **PHYLIS HUGHES**

ton's Davon Columbine, another well-shown queen, good coat, points tail and eyes, slightly pinched muzzle, r Rosier's Boidheach Angel, very appealing for type but far too dark in coat, leaving no contrast, very well presented, attractive exhibit **CHOCOLATE POINT** Kitten: 1 Ramsden's Lovelea Galaxy, nice type, good head, eyes and tail, very good show condition, good coat, but points still at the nose-blod state 2 Kinmond's Capitair Beerlahai Roi, very promising kitten which was very difficult to handle, nice type and coat, good head 3 Jones-Isley's Kasheba Tarsta, pleasing exhibit, nice type, well shown 4 J Jones-Isley's Kasheba Liang-Nam, nice type, slight pinch and poor eye colour **AC** Visitors female ad: Big class in which too many good cats were left cardless 1 S Illustrious 2 Saunderson's Lynekin's Shikiri, full all round, eyes a little too round 3 Deakin's Ch Amanda Rose, charming little Red Point r Deakin's Ch Tamruat Blue Opal, top class BP Breeders female kittens: 1 Barlow's Bumblebees Fantasia, very showy little Seal, nice all round, very good eye colour, most promising 2 Lodge's Deeyin Scheherezade, pretty Seal, very promising 3 Jones-Isley's Tarsta Novice kitten: 1 Whyte's Kirash Acacia, very attractive little Seal, good type, most promising 1 equal Barlow's Bumblebees 2 Kinmond's Capitair Beerlahai Roi 3 Noake's Miss Beatrix, very pretty little Tabby Point. Thanks to my really excellent steward, Mrs Griffin. She was bright and cheerful all day, which reached exploding point later when her little Blue Point Scottish bred kitten won best Siamese kitten in show. **MAY EUSTACE**

Mr J Trevor

RED SELF Cat 1: 1 ch Critchlow's Ch Joyda Hardraa, excellent coat of nice colour with very good eye and no markings, good head and eye colour **RED TABBY** Cat 1: 1 ch Thorpe's Clough Alexander, good type with fine head and lovely long coat, very fine brush, beautifully marked, but lacking markings on legs **SELF** Novice kitten 15: 1 Jeffries's Woodlo Poppet, orange-eyed White, excellent type with good head and lovely eyes, good sound pure white coat and nice short brush 2 Bullen's Bullensmeade Adrian, another fine orange-eyed White which ran the winner very close indeed 3 Phillipson's Davidos Rebecca, Blue, excellent type with good head but ears rather pricked, coat sound but on the short side and lacking in ruff, good eyes Ex self 13: 1 Jeffries's Woodlo Chiffon, Chinchilla, a really lovely little kitten of beautiful type and excellent coat, nicely ticked, soft and silky, good ruff, one eye a little weepy 2 Hood's Ling Melora, Chinchilla, good type with nice head and wonderful eyes, good coat, nicely ticked and good brush, but lacks ruff 3 Kemp's Lickless Lady, Blue-Cream, excellent type with very fine head, coat too dark on back with solid black paws, but there was the required intermingling elsewhere, particularly on face. I found the Blue-Creams coats very difficult to judge owing to the light. Of all the exhibits which impressed me in my other classes I should mention Ashton's Lomond Amanda, a magnificent orange-eyed White, Hoyle's well-known Smoke, Ch Hardendale Nicholas, and Rickson's Proudasos China Doll, a blue Colourpoint. Many thanks to my wife who stewarded for me with her usual care and efficiency. **JOHN TREVOR**

Mrs E Lentaigne

This was an exceptionally pleasant show with a very good attendance in spite of power cuts and rain. The arrangements made for the judges were excellent and so were the biscuits which were given to each judge. My grateful thanks to Mrs Hamilton who stewarded for me so efficiently.

RED POINT Kitten: 1 Thompson's Lorelei Fiesta, the only kitten present in this class and although of very good type his legs were completely lacking in colour, very good ear placement, lovely eye colour, coat rather open, reasonably good tail **AC** Junior male: 1 Biggie's Linton Ganymede, a very handsome young cat with a lovely coat, good long body, nice eye shape and colour, good wedge and well set ears, good whip tail 2 Benn's Ch Chalmi Towkay, excellent wedge, good eye colour and shape, ears set a little forward, excellent tail, nice coat 3 Noakes's Boidheach Mincota, good long wedge, lovely eye colour, well set ears, good coat but rather open r Lavellette's Premi Borago, excellent close lying coat, head a little short, good tail, nice eye colour and shape Maiden: 1 Griffin's Alexa Blue Crystabelle, lovely little kitten with glorious oriental eyes of excellent colour, excellent whip tail, very well set ears and good wedge 2 Noakes's Miss Beatrix, good quality kitten, very good type, lovely eye colour, good head, well set ears, good tail 3 Lloyd Williams's Raeburn Mina, good long body, good wedge, nice eyes, good ear placement and nice tail r Lodge's Deeyin Scheherezade, good head but ears set a little high, excellent coat and good tail, nice eye shape and colour. **EILEEN LENTAIGNE**

Mrs M Eustace

In spite of gloom and forebodings of electricity cuts, no hint of gloom could be detected at this very delightful and happy show. Miss Morrison, the show manager, must be congratulated on her calm and poise at a time when the situation could easily become chaotic.

She had an excellent committee who were all vested in show procedure and the best in show judging was over before 4 o'clock. Transport for the judges and excellent hospitality made everything easy. Once again judges are being spoiled by gifts. Congratulations and thanks to the organisers of such a splendid show.

SIAMESE SEAL Point Female: 1 ch Niblett's Reagan Camarilla, really outstanding little queen, delightful coat colour and contrast, good oriental eyes, good wedge with only a slight hint of pinch, tail could be a bit more whipped, beautifully prepared. In making the final decision, with an excellent runner-up, Camarilla stayed the course with long neck emphasized, and showing wonderful ear placement, I was pleased to hear from her owners that she became a champion today, congratulations! 2 Maddick's Starshine Illustrious, almost equal to winner, very well shown and a great credit to her owner, beautiful coat for texture and colour, good wedge, eyes and tail, almost there 3 Hut-

Mr E Brice-Webb

It was a privilege and a pleasure to judge at the last Championship Show in 1970 and I must say that Miss Julie Morrison, most ably assisted by Mrs P Jones and Mr K Dick surpassed themselves in the management of this exposition.

The Civic Hall at Winsford is all that can be desired for space and accommodation. The exhibits that I handled were all on their best behaviour and I was assisted by the most efficient and helpful steward in the business in the shape of Mrs Ida Gee. What more can I say.

BIRMAN Ad 3: 1 ch Fisher's Praha Hutung, lovely round head, full cheeks, bright blue eyes, good body shape, low on the leg, clear gauntlets on back legs, soft silky coat of good colour, rather white on chest 2 Fisher's Praha Krapping, very good type, broad head, full cheeks, profuse coat of good colour, contrasts could be a little deeper, clear white gloved paws, one gauntlet on the short side 3 Fisher's Praha Trulka, litter sister to, and similar to, the winner for head and type; rather short of coat, inclined to be streaky on back, gauntlets, although clear, were too short **COLOURPOINT** Male 2: 1 ch Ryan's Cobden Shamus, only one in the class, worthy winner, every inch a male with splendid physique, lovely broad head, tiny well spaced ears, nice short nose, clear blue eyes, soft flowing coat, really dense points, just a bit darker on his back, I should think this certificate will make him a full champion Female 8: 1 ch Miss Rickson's Proudaws China Doll, Blue-Point with the boldest, roundest and bluest eyes I have seen for many a long day, nice short nose, strong muzzle and chin, well tufted ears, a bit open at the base,

gloriously soft profuse coat of excellent colour, nice points 2 Jellicoe's Akebia Matilda Bott, big well developed girl, lovely broad head, full cheeks, good muzzle and chin, clear round eyes, well defined dense points, profuse coat, a bit dark on back and tail 3 phlyta, Blue-Point with a great broad head and really small well set ears; nice short nose, round eyes of good colour, would like a little more chin, soft flowing coat, lovely points, a few tiny knots on her tummy. It was a toss up between Matilda and Nymphaea as to whom should come second r Hayward's Baylor Sleeping Beauty, Blue-Point, not quite such good type as the first three, ears inclined to be slightly pricked and face not "flat" enough, nice eyes, shortish nose. lovely soft coat, good points, needed more grooming as there were a few tiny knots between her back legs **AOC** (13a) 1: 1 Dipper's Whitlow Snow Fairy, Blue Chinchilla or Shaded Silver, very attractive exhibit of true Chinchilla type with bold eyes of rather pale orange, soft profuse coat, rather heavily tipped **BIRMAN** Kitten 2: 1 Fisher's Praha Shivey-Mu, Blue-Point of very attractive type, with eye colour well developed, nice silky coat, clear gauntlets and white paws; points not yet clearly defined **AOC** (13a) 3: 1 White's Joyda September Shadows, very pretty kitten which appeared to be a mixture of Blue-Cream and Smoke, excellent long-haired type, short little nose, round head, tiny ears, soft profuse coat **AC** Breeders ad 15: 1 C Shamus 2 Hoyle's Ch Hardendale Nicholas, the well known Smoke male, a big beauty and an old favourite of mine, glorious head, really black mask, black feet and back and really white undercolour 3

M Nymphaea r Heppburn's Springheels Sarah-band, delightful Blue-Cream of excellent type, short nose, strong muzzle and chin; ears a bit open at the base, well mingled pastel shaded coat, no blaze and all feet broken Debutante kitten male 13: 1 Heppburn's Springheels Charlemagne, lovely Blue boy, full of quality; wee short nose, good muzzle and chin, full cheeks, neat ears; eyes a tiny bit moist, soft sound coat with very slight temperature mark 2 Healey's Granjo Black Tarquin, as his name indicates, a little Black male of excellent type with very good eyes for shape and colour, nice round head, short nose, would like neater ears, soft profuse coat, quite dense, but with patches of grey in it 3 Gane's Dima Welsh Blue, another Blue boy with a glorious head, small well set ears, short nose, good muzzle and chin and bold round eyes, unfortunately, the good effect was spoiled by his coat which was very greasy grooming r Bagnall's Penkvale D'Arcy, very young Orange-eyed White with a good broad head, neat ears and nice round eyes, he had no fur on the tip of his nose and I would have liked a firmer chin, lovely soft pure coat Female 15: 1 Prior's Lady Isabell, beautiful Blue of glorious type with tiny well spaced ears on a nice round head, short broad nose, bold eyes, strong chin; soft pale unshaded coat, this kitten was pretty well impossible to fault 2 Jeffries's Woodlo Chiffon, darling Chinchilla, very young but very beautiful, excellent type, nice broad head, neat ears, wee little nose with lovely brick tip and eyes already large and expressive, soft white undercoat with just the right amount of delicate tipping, ran winner

for shape and colour, lovely plushy coat of a good blue shade 2 Stewart's Sweethope Playboy, good head, orange eyes, lovely cobby body, short tail, good coat of correct texture 3 Stewart's Sweethope Contessa, good round head, eyes good colour, but could be just a shade larger, nice blue plush coat, good sound feet r Entwistle's Rylands Blue Don, nice baby, wide open face, but the competition was too strong, his chance will come when he is older no doubt **TORTIE AND TORTIE AND WHITE** Kitten: 1 Allaan's Darwinnie Dazzler, nicely patched, white feet and bib, black spot on white nose, lovely condition, good texture of coat, beautifully presented 2 Allaan's Darwinnie Dinah, very clearly patched, but spoiled by tabby markings on red patches, otherwise a very pleasing exhibit in tip top condition **CREAM AND BLUE CREAM** Kitten: 1 Murray's Arjaze Tumbleweck, Blue Cream SH, good head and body, tail fair, eyes greenish, nicely intermingled coat of good texture **SPOTTED** Kitten male: 1 Gunn's Petani Silver Spotlight, handsome kitten, well shaped head, slightly fawn on nose, most evenly spotted on body 2 Rose's Elston Benjamin, good type silver, nicely marked but rather solid on back, good greenish eyes, nice short tail 3 Bolton's Sireli Silver Twilight, silver, nice kitten, coat spotted but too many bars, solid line on spine Female: 1 Taylor's Sireli Silver Trinket, well shaped, well marked, lovely short ringed tail, greenish eyes of good shade, dark line on spine **CORNISH REX** Kitten: 1 Hamilton's Belhaven Topaz, cream colour, lovely head with good large ears, splendid long body, good wavy coat and long tail, good eye shape and nice straight profile 2 Hardy's Senty-Twix Crispavimus, tortie and white, lovely long body on long legs, good head and ears, splendid profile, long curly whiskers and eyebrows, good tail and nicely waved coat 3 Hardy's Senty-Twix Crispacato, nice black, good type head and profile, good coat, fine whipped tail, very tiny whiskers **AOV** Kitten: 1 Nutter's Hillmount Yinho, most beautiful Foreign White male, lovely type, long wedge head, glorious blue eyes, very good long tail, wonderful coat texture of sparkling white 2 James's Lampetra Lotte, cream Burmese, lovely well proportioned kitten, very good head and eye shape, beautiful coat in splendid condition 3 Watt's Sireli Melody, Smoke Tabby, very pretty baby, beautiful true British type, good short tail, lovely head, good eyes for shape and colour r Bidston's Lampetra Lupin, Blue-Cream Foreign, coat nicely intermingled, nice short head. **G A GENTY**

Miss Kit Wilson

I thank all the exhibitors who put their lovely cats under me when Mr Brunton was unable to judge at this show. As usual Miss Julie Morrison ran a superb event with so much thought for our comfort—the only complaint I heard which affected everyone were the Christmas decorations hanging from the ceiling which made the light difficult for eye colour, but this certainly was not the show manager's fault.

It must have been an anxious time—fearing electricity cuts—but even the strikers were kind! Thank you for a happy time. To my grand young steward Lyn Cogley my most grateful thanks—I was indeed lucky to have her—she handles the cats excellently—keeps her eye on the book so what more can one ask.

BLACK Male: 1 ch Hoyle's Deebank Marquis, a lovely boy, dense black with excellent type, lovely head and eye colour, flowing coat, beautifully presented, a true son of his wonderful dad. Female: 1 Carr's Nantoms Nefertiti, a good type, dense black queen, her tail today lacked the perfect brush, good head, but ears rather large at base 2 Stormer's Chadhurst Susan, another dense black of excellent type, I suspect that she had a late moult as her tail and ruff lacked furnishing **ORANGE-EYED WHITE** Male: 1 ch Plews's Tewith Tricosas, wonderful flowing coat of sparkling white, most beautifully presented, wonderful head with dense eye colour, tiny ears, with great width between, my best cat 2 Galt's Ch Hilldev Triumph, ran winner very close, another sparkling white flowing coat, wonderful eye colour and excellent type, good broad head and tiny ears, two beautiful exhibits 3 Jellicoe's Hillyacres Iced Diamond, failed presentation, had a patch of short hair on his side, the standard of the whites today is so high that the slightest fault stands out, good type and good bone Female: 1 ch Ashton's Lomond Amanda, to sort out the first and second in this class was a headache 2 Hogan's Snowwhite Brigitte, both were beautifully presented, both had flowing sparkling white coats, both had lovely heads, and glorious eye colour and both were of lovely type, to separate them I had recourse to points judging and Amanda just pipped Brigitte on size of ears, it will be interesting to see what happens when they meet again 3 Blood's Deebank Roselle, well presented, excellent eye colour, but she pricked her ears today, which made her head look rather narrow, another with a late moult, I think as she was rather short of furnishings **BLACK** Kitten Male: 1 Healey's Granjo Black Tarquin, a lovely type baby

with the sweetest expression, lovely eye colour even at this early age, broad skull and tiny ears, dense black coat 2 Shadforth's Merryweaver McHerald, excellent type, head and eye colour, but badly prepared, please Mrs Shadforth, get busy on him, he has great potential, but will go down for presentation, I would not judge No 73, which was agreed by two other judges, his condition of coat was so disgraceful, I wonder he was allowed in the show Female: 1 Gane's Dilma Black Bess, a little gem, glorious type, head and eye colour, beautifully set short tail and dense coat should hit the headlines when older **BLUE-EYED WHITE** 1 Plews's Tewith White Crestelle, most beautifully presented female, lovely type, flowing white coat, good strong bone, excellent head and eye colour 2 Dalley's Teakola Crystal, good type female, good head, eye colour, will improve with age, needs more presentation No 72, was entered in this class he is orange-eyed and was therefore placed in that class **ORANGE-EYED WHITE** Male: 1 Bebbington's Arctic Spider, beautifully presented, excellent type, head and lovely eye colour, well set tail and tiny ears, must go far 2 Bagnall's Penkvale D'Arcy, lovely type, well presented, excellent head and eyes, ticking well, very well furnished, well set tail, ran winner very close 3 Bullen's Bullensmede Adrian, excellent type, glorious eye, colour, short well set tail, rather short of coat today, but when this grows will be a winner Kitten female: 1 Silverman's Helma Isabella, beautifully presented, with wonderful head and eye colour, good bone, excellent type with the sweetest expression 2 Bebbington's Holmcroft Hattie, another little charmer, beautifully presented, lovely type, head and eye colour, excellent bone well set tail, how difficult to separate these two 3 Plumber's Deebank Snowpetal, well presented with flowing coat, excellent type, well set, well furnished tail, eyes of lovely colour, but not quite bold enough r Jeffries's Woodlo Poppet, lovely head and eye colour, excellent type, well set tail and good bone, coat would be flowing but needs more presentation. My other classes were club classes. If anyone wants a report on their cats please write enclosing a SAE. I do hope all the exhibitors of The Black and White Cat Club, there are some lovely trophies to be won and Mrs Hogan is our Hon Sec. A very prosperous New Year to you all. **KIT WILSON**

Mrs L Spiers

Congratulations to Miss Julie Morrison, Mrs P Jones and Mr K Dick and the committee for organising an extremely enjoyable show and for the superb hospitality extended to the judges.

My very sincere thanks to my steward Mrs H White who was so attentive throughout the day.

AC GRAND CHAMPION: 1 Sheards' Ch Tykeland Fabiola, lovely Cream female, excellent type, neat well-placed ears on broad head, deepest orange eyes, long flowing coat, very sound and very beautifully prepared 2 Hood's Ch Ling Deborah, very nice Chinchilla, eyes could be a little deeper in colour, very good type, quite neat ears, long coat with rather heavy ticking towards tail **AC Junior** male, although in the catalogue under my name it was not judged by me. The class was not entered in my judging book and I sincerely hope that it was judged by one of the other judges **TORTIE LH** Kitten: 1 Hepburn's Springheels Show Girl, a lovely little kitten, excellent type, neat well-placed ears, round eyes, most promising in colour, silky coat, good patching 2 Greenlee's Nantoms Nutmeg also a pretty little Tortie, very nice type, firm chin, quite neat ears, eyes not yet changed in colour but promising, colouring in coat patches could be a little brighter **LH GRAND PREMIER:** 1 Greenlee's Pr Deebank Tahzib, very lovely red self, excelling in type, deep copper round eyes, very neat well-placed ears, long flowing coat, very dense red colour on back, later best LH Neuter in the show **AC LH Visitors** kitten: 1 Silverman's Helma Isabella, very sweet White kitten, excellent type, excellent deep copper eyes with lovely expression, small broad nose, firm chin, long silky pure coat, my nomination for best in show which she ultimately won 2 Bebbington's Holmcroft Arctic Spider, also a charming White kitten, beautifully groomed, excellent type, neat well placed ears, deep copper eyes, long flowing pure coat Ex 2 Linsey's Nevela Nizam, very nice Colourpoint, excellent type, very neat well placed ears, promising eye colour, lovely silky coat of good length 3 Hunt's Velmor Amy Bluebell, sweet Blue kitten, very well-balanced head, neat ears, set well apart, good eye colour, lovely medium blue silky coat extra 3 Tillotson's Brackenhill Corin, another really beautiful large kitten, long flowing coat, neat ears, very good type and eye colour r Carling's Perianth Prima Donna, a very sweet little Cream, lovely long coat, very pale in colour, very good type and promising eye colour. This was a very large class full of quality. I

also had many beautiful cats in my club classes the best of which I nominated for best in show—Hunt's Willanbet Apollo on the day a most beautiful blue. She was awarded best long-hair adult in show. Outstanding also were Mrs Hogan's Snowwhite Brigitte, Tillotson's Ch Wildfell Ploughboy—both first prize winners. **L SPEIRS**

Mrs E Burrows

Congratulations on a beautifully run show to Miss Morrison and her helpers. Julie is a per-show manager, so very calm about everything and always ready to help anyone.

My grateful thanks to my steward, Mr Taylor. Without his wonderful help I could not have got through the day, having been ill all week with flu, therefore feeling really weak. He literally carried me around.

AC Junior Male 8: 1 Plews's Tewith Tricosas, a really lovely OE White, grand type, glorious eyes for shape and colour, lovely broad head, broad nose, very strong chin, beautiful white well groomed coat, tiny brush well furnished, perfectly shown 2 Hoyle's Deebank Marquis, beautiful type black, a wonderful head with tiny well placed ears, very strong chin and muzzle, lovely eyes for shape and colour, good brush, beautifully groomed, his only fault today he was a bit rusty under tummy, otherwise a perfect specimen 3 Harris's Broomhill Hamish, a lovely Chinchilla with a well prepared, lightly ticked coat of very good texture, good brick tipped nose, strong chin and muzzle, really lovely green eyes for shape and colour, beautifully shown r Galt's Ch Hilldev Triumph, another really lovely OE White, glorious eyes, sharp nose and colour, broad nose, strong chin, snowy white, beautifully groomed coat, again preparation perfect. All these cats were worthy of a first prize, but alas, only one to give. All were a credit to their owners. Senior 11: 1 Hoyle's Ch Hardendale Nicholas, what a perfect Smoke cat this boy is, an outstanding head with his terrific breadth, such tiny ears perfectly placed, glorious eyes for shape and colour, fat full cheeks, strong chin, short brush, very dense mask, with lovely undercoat, perfectly shown in every way 2 Wilde's Lomond Blue John, Blue boy of good type, nice head, strong chin, full fat cheeks, lovely eyes for shape and colour but a bit deep set, beautifully groomed coat but shady and lighter on flanks, well shown 3 Davies's Ardwyn Caprina, Blue female, good type, broad nose, strong chin, fat cheeks, good brush, neat ears on broad head, beautifully shown, lovely eyes for shape and colour, coat shady r Franks's Polar Valerio, Chinchilla male, nice, beautifully groomed lightly ticked coat, good nose, nice chin, good brush, ears rather pricked Radius LH Kitten 4: 1 Phillips's Shyrlee Sweet Sue, Blue-Cream baby with lovely soft and silky well intermingled coat, one solid blue paw, good broad nose, fair chin, glorious eyes for shape and colour, ears pricked a little, very good brush, perfectly groomed 2 Bewley's Bianca Arabesque, Smoke female baby, very good eye shape and colour, good broad nose, very good silver bib and ear tufts, with good mask, nice undercoat, but would like a rounder head, beautifully shown and groomed 3 Prior's Tom Thumb, lovely Blue baby boy, very strong chin, good top of head with tiny well placed ears, broad nose, nice fat cheeks, eyes deep set, again beautifully shown r Greenlee's Nantoms Nutmeg, Tortie baby of excellent type, lovely eyes for shape and colour, very good brush, ears need attention, otherwise a very good baby LH Neuter: 1 Carling's Kennerleigh Jonathan, OE White, this boy was shown to perfection, his long flowing silky pure white coat was groomed to the last hair, really glorious eyes for shape and colour, has a very good brush, nice fat cheeks, he looked a credit to his owners, I believe he became a premier today 2 Greenlee's Pr Deebank Tahzib, Red self, a very type boy, broad nose, good chin, lovely eyes for shape but paled a little in colour, well shown and groomed 3 Mowat's Nantoms Naomi, lovely Black girl, very good head, strong muzzle and chin, lovely eyes for shape but again paled a little, beautifully shown ex 3 Williams's Deebank Fluffy, lovely Blue-Cream, well intermingled soft coat, lovely type, strong chin, big eyes of good colour, nice muzzle, well shown r Bentley's Glenville Adam, a very nice Cream boy, strong chin, good eye shape and colour, lovely coat, rather warm but condition perfect, beautifully shown. Mrs M Montgomery

Many thanks to Miss J Morrison and all her helpers for a most enjoyable day and to my most capable steward Mr Shevbridge.

Both the male and female Tabby Point Siamese were very disappointing. Almost all had too much colouring on back and the overall type was not too good, therefore I could not award a championship certificate.

SIAMSE TABBY POINT Male: 1 Aslin's Seremban Tiger, overall quite good, excellent eye colour and tracing very fair 2 Bond's Moroni Cupid, very fair type, head little short, paler coat than most but face tracing did not

BUMBLEBEES

Congratulations to BUMBLEBEES DUSKY MAID

(Continued from page 34) cats and some have even become champions. And yet, if Mrs Beever is right—and she is referring to the breed standard, after all, should not all of these cats have been relegated to the AOVs?

Surely it is high time that a precise ruling be given to Rex exhibitors on which coat and eye colours are to be accepted and which are not. LEO P HEATH, Chalfont St Peter.

The Grand National

WHAT a day. What a show. On November 28 Mrs Grace Pond absolutely excelled herself. This was the greatest show I have ever been to and am sure the greatest cat show in the world. Many congratulations to Mrs Pond and her section managers, and the huge army of workers both before and on the day.

I didn't realise I had made so very many friends. I don't think I stopped talking (and boy can I talk when I get going) from 7.30 am till 7.0 pm. For the first time at a cat show I thoroughly enjoyed every single second, from the first hectic scramble to get in and set my stall up, to the last laugh and joke as we drove out into the night.

There was something special about the atmosphere. I don't know what—'cat' magic? (with over 2,000 cats there just had to be). The stall I had was for my 'mini' cat sanctuary, to raise the lolly for the heating and

lighting.

My first customer was a wee girl about 9 years old, she offered me a note, from which I fell back in horror, 'What the heck's THAT!' With a great display of Scots aplomb, she said 'It's a pound note!' My first sight of a Scottish pound, she then proceeded to regale me with her story of the long, long journey that the Scottish supporters had made by coach.

What an initiation for novices! What a heartbreak of drudgery to the heroic judges and their faithful stewards; after 2 pm you could scarcely get across the hall, let alone judge, how they finished the job I simply cannot imagine.

During the course of the day I spoke to so many folk from all over the country. It is nice to be recognised, even if only by name. The heat (it's supposed to be a cold hall), the noise, the chatter and laughter—'Ooh Mummy, look at THIS one,' the crush and excitement, it looked like a great 'gate' to me.

At the end of the day, the call for the coaches lined up outside, Scotland, Wales, Worcester, the South, Bedfordshire. A fabulous day, a fabulous show.

To the people who bought our goods, we made £55 6s 1d for the sanctuary, bless you all, and a happy Christmas to you all. BARBARA (Paddy) E CRONIN, 173 Evering Road, N16.
